Open the browser and search for "BitTorrent." The search will give you the link that will open

What's New in the Professional Template Pack - French?

Professional Template Pack - French (2) contains professional templates for OpenOffice.org Writer, Calc, Draw and Impress, which cover most of the everyday usage of these three applications. The French templates are in French, but the templates are multi-language compatible and can be easily translated to English, Spanish, Swedish, Danish, Finnish and more! The French templates have been carefully designed to be easily usable with a variety of French content. The main templates are divided into 2 sets of ten templates each. Each set has its own format, e.g. business templates are named after the subject they are for, e.g. "Consultation of clients" (Business), "PROPHETIC MAZE" (Education), etc. You can import any of the templates you like to use. The templates are easy to use. Simply make your content and the templates will do the rest. There are no complex, strange or unintuitive settings to change. Most of the templates are included in default OpenOffice.org Writer/Calc/Draw settings so you can start working with all the templates almost immediately. You can start using the Professional Template Pack from where you are.
